THE GREAT PUMPING PLANT

A New Case Carrying Plant in Use—Manager
of Maunaloa — The Social Side—
Shipping — Winds.

Maui, May 27, 1929.

Last evening, May 26th, the May meeting of the Makawao Literary Society was held at the residence of Manager W. J. Lowrie of Spreckelsville. The following programme of events was much appreciated:

1. Piano solo.....Dr. Sabey
2. Reading, "The Colonel,".....Mr. Andrew Adams
3. Vocal solo.....Rev. W. Ault
4. Piano solo.....Miss Clara Lowrie
5. Reading.....Mrs. Sabey
6. Vocal solo.....Rev. W. Ault
7. Vocal solo "Only One Girl,".....Willie Lowrie

After the refreshments Makawao people drove homeward, not only enjoying the entertainment, but the ride by moonlight.

Wednesday evening, the 24th, a large dancing party was given in the Wailuku Courthouse in honor of the eightieth birthday of Queen Victoria. The interior of the hall was prettily decorated, and lively music by a string band kept up the dancing until the "wee sma' hours." A fine spread was one of the pleasurable events of the evening. Messrs. George Cummings and George Hayselden acted as floor managers. A train was run bringing Paia, Spreckelsville and Kahului people. The entertainment was arranged by Deputy Sheriff Scott, Dr. Armitage, Dr. Weddick, Judge McKay and other British residents of Wailuku.

Saturday evening, the 20th, the Aloha Lodge, K. of P., gave a grand ball in Spreckelsville Hall, in which 125 residents of Wailuku and Makawao districts participated. The interior of the hall was made attractive by decorations of ferns and red, yellow and blue bunting, the Pythian colors. At one end of the hall was the coat of arms of the order. Mr. E. B. Carley, made an efficient floor manager, and the Wailuku Quartette Club furnished the music. The Kahului R. R. Co.'s train ran from Wailuku and Kahului. Dancing continued until midnight.

Engineer Stoddard of Spreckelsville has recently been appointed manager of Maunaloa plantation of Lanai. Having accepted this position, Mr. Stoddard has been obliged to forego his anticipated trip through the Southern States and Cuba in search of improved methods of machinery in the new H. C. Co's mill, soon to be constructed at Kahului. Apropos of this new mill, which will be the largest and best in the Islands, it is stated that the largest pumping plant in Hawaii net, capable of pumping 75,000,000 gallons a day, will be established at Kahului.

The firm of Fraser & Chalmers is putting in a large pump which will draw water from five wells at Maliko gulch for the use of Hamakuopoko plantation. The Haiku Sugar Company has added another improvement which is attracting considerable attention. It is a wire trolley for the conveyance of cane from Kahuuani to the mill at Hamakuopoko. Lahaina plantation has been using two such trolleys successfully. Albert Horner, of Hawaii, has a patent by which the pulleys which convey the bundles of cane downward can pass the different posts in safety.

Saturday, the 20th, the trustees of Maunaloa Seminary held a meeting at Paia. The bids by Honolulu contractors for the construction of the new school varied from \$32,000 to \$23,000. It was decided to give California builders a chance to send in estimates. The Seminary will close on June 21st. Two of the teachers—Misses Steele and Ward—have resigned.

A kindergarten school is to be established by Hamakuopoko plantation. The old Hamakuopoko Government school building, recently purchased by the plantation, is to be used for a school, and Miss Steele, now at Maunaloa Seminary, is to be the teacher. The Board of Registration of Maui has been registering voters at Paia, Hamakuopoko, Kahului and Spreckelsville during the week. The registration at Paia, Hamakuopoko and Kahului is slightly larger than in 1927.

William White, Esq., of Lahaina, is another candidate for "Unamakaalana."

H. P. Baldwin leaves Maui this week for a flying visit to the coast. He will remain in San Francisco about a week. F. W. Beardsley, of the Oakland Realty Syndicate, has been in Wailuku recently.

"Kimo" McCandless, who has been recently at Haiku and Kihai, has de-

parted for Kaunakakai, Molokai, to look after wells for the American Sugar Company.

Mr. and Mrs. Conrad, of Honolulu have been at Kawapae Resort, Makawao, during the week.

Kihai plantation is soon to build and fit out a large plantation store. A large order for goods has already been "placed" at the coast.

Wednesday, the 24th, Kong E. Akana, the son of the manager of Huelo Sugar Company, died at Makawao of consumption. He was a young man of fine character, and but 22 years of age. The funeral took place on the 25th.

W. E. Shaw, station agent at Paia, is sick at Paia Hospital with intermittent fever. J. Hons, of Wailuku, is temporarily filling his position at the depot.

Robert Hair has been seriously ill at Paia Hospital with a relapse of typhoid fever. His condition has been critical during the week.

George Bailey, of Makawao, has been sick with measles.

On the 24th the ship J. B. Thomas departed for New York (Delaware Breakwater) from Kahului, with 48,000 bags of sugar.

The Lurline and Wrestler are the next vessels expected in Kahului.

Weather—A trade-wind gale has been blowing all the week.

There Are Plumbers and Plumbers.

OUR SPECIALTY IS

Sanitary Plumbing.

There's as much difference between plumbing and SANITARY PLUMBING as there is between daylight and darkness. Anyone can put a lot of pipes together and run them off anywhere, but with Honolulu's surface sewerage the essential point is to have the plumbing done in a way that makes the Sanitary conditions perfect.

A Model Plant is not complete with-
out Electric Power, thus dispensing
with small engines.

Why not generate your power from
one CENTRAL Station? One gener-
ator can furnish power to your Pump,
Centrifugals, Elevators, Pumps, Rail-
ways and Hoists; also, furnish light
and power for a radius of from 15 to
30 miles.

Electric Power being used, saves the
labor of hauling coal in your field, also
water, and does away with high-priced
engineers, and only have one engine to
look after in your mill.

Where water power is available it
costs nothing to generate Electric
Power.

THE HAWAIIAN ELECTRIC COM-
PANY is now ready to furnish Electric
Plants and Generators of all descrip-
tions at short notice, and also has on
hand a large stock of Wire, Chan-
diers and Electrical Goods.

All orders will be given prompt at-
tention, and estimates furnished for
Lighting and Power Plants; also, at-
tention is given to House and Marine
Wiring
